

# Sports Aggregates: Golf Course

With almost 90 years in business, R.W. Sidley, Inc. operates a state of the art processing plant that produces the highest quality quartz sands of the highest purity free from deleterious materials. Our Thompson, Ohio mine, is part of the Sharon conglomerate formation.

## Pro Bunker Sands

### Pro/Angle®

Pro/Angle® is manufactured only in Ohio by crushing pure quartz creating a 100% angular sand. Pro/Angle® is regarded as one of the highest quality manufactured crushed sand for sports use. The original 100% angular bunker sand provides unmatched playability, longevity, design and maintenance advantages.  
*Available packaging: Bulk quantities, 3,000 lb. super sacks and 4,000 lb. super sacks.*

### Pro/Elite Blend

Pro/Elite is a blend of 75% Pro/Angle® and 25% natural sand. Performance characteristics are comparable to Pro/Angle® with a slightly softer color.  
*Available packaging: Bulk quantities, 3,000 lb. super sacks and 4,000 lb. super sacks.*

### Pro/Natural 1600

Pro/Natural 1600 is a 100% natural sub-angular sand, mined from the same source material as Pro/Angle®. This high purity bunker sand is an economical choice with consistent grain size.  
*Available packaging: Bulk quantities, 3,000lb. super sacks and 4,000 lb. super sacks.*

### Pro Gold Natural

Pro Gold Natural is a 100% natural sub-angular sand, mined from the same source material as Pro/Angle®. This high purity bunker sand is an economical choice with a golden color.  
*Available packaging: Bulk quantities, 3,000lb. super sacks and 4,000 lb. super sacks.*

## Pro Topdressings

### Pro 3010 Topdressing Fine

Meets USGA® recommendations, 76% of sand particles medium and coarse, 24% fine grade. Available either wet or dry.  
*Available packaging: Bulk quantities (wet or dry), 50 lb. (dry), 3,000 lb. super sacks and 4,000 lb. super sacks (wet or dry).*

### Pro 2010 Topdressing Medium

Meets USGA® recommendations, 80% of sand particles medium and coarse, 20% fine grade. Available either wet or dry.  
*Available packaging: Bulk quantities (wet or dry), 50 lb. (dry), 3,000 lb. super sacks and 4,000 lb. super sacks (wet or dry).*

### Pro 3050 Topdressing Coarse

Meets USGA® recommendations, 97% of sand particles medium and coarse, 3% fine grade. Available either wet or dry.  
*Available packaging: Bulk quantities (wet or dry), 50 lb. (dry), 3,000 lb. super sacks and 4,000 lb. super sacks (wet or dry).*
